JOURNAL OF MARINE SYSTEMS

Contents Volume 15, 1998

Special Volume: Proceedings of the 6th International Conference on Copepoda

Contents Volume 15 v

Preface ix

Foreword xi

Reproductive Biology of Copepods

The role of chemical signals in copepod reproduction
D.J. Lonsdale, M.A. Frey and T.W. Snell 1

Components of mating behavior in planktonic copepods
E.J. Buskey 13

Copepod reproductive strategies: life-history theory, phylogenetic pattern and invasion of inland waters
N.G. Hairston Jr. and A.J. Bohonak 23

The egg morphology of 7 Acartiidae species: a preliminary survey of the ootaxonomy of calanoids
G. Belmonte 35

Female leg 4 development in Laophontidae (Harpacticoida): a juvenile adaptation to precopulatory behaviour
F. Fiers 41

The gonad morphology and maturation in Arctic *Calanus* species
B. Niehoff 53

Egg strings in *Euchirella pseudopulchra* (Aetideidae) and comments on constraints on egg brooding in planktonic marine copepods
M.D. Ohman and A.W. Townsend 61

The Role of Copepods in Freshwater Ecosystems

The role of copepods in freshwater ecosystems
G. Fryer 71

Ecology and role of benthic copepods in northern lakes
J. Sarvala 75

Feeding strategies of planktonic cyclopoids in lacustrine ecosystems
Z. Brandl 87

Copepods and fishes in the Brazilian Amazon
V.E. Thatcher 97

The role of copepods in the Baikal ecosystem
G.F. Mazepova 113

Has the main habitat of *Potamocaris* species been overlooked until now? (Harpacticoida, Parastenocarididae)
A. Ahnert 121

Colonization of a new man-made river (Marchfeldcanal, Lower Austria) by benthic copepods
S. Gaviria 127

Differential success of cyclopoid copepods in the pelagic zone of eutrophic lakes
G. Maier 135

Diel changes in vertical overlap between *Cyclops strenuus* (Copepoda; Cyclopoida) and its prey in oligotrophic Lake Toya, Hokkaido, Japan
W. Makino and S. Ban 139

Distribution of planktonic copepods of Lake Baikal
N.G. Melnik, N.G. Sheveleva and G.I. Pomazkova 149
Harpacticoid and cyclopoid fauna of groundwater and springs in southern Finland
J. Särkkä, L. Levonen and J. Mäkelä 155
Reciprocal transfer study of north temperate and subtropical populations of *Mesocyclops edax* (Copepoda: Cyclopoida)
G.A. Wyngaard 163
Estimation of copepod production in a flooded savanna of Venezuela
E. Zoppi de Roa, E. Montiel and G.A. Betancourt 171

Parasitic Copepods of Fishes
Cladistics of the Lernaeidae (Cyclopoida), a major family of freshwater fish parasites
J.-s. Ho 177
Analysis of the parasitic copepod species richness among Mediterranean fish
A. Raibaut, C. Combes and F. Benoit 185
Distant water sailors: parasitic Copepoda of the open ocean
J.B. Jones 207
Host specificity in copepod parasites of deep-sea fishes
G.A. Boxshall 215
Reflections on host-switching as a factor in the evolution of associated copepods
R.V. Gotto 225
Phenetic relationships among some free-living siphonostomatoid copepods from southwest Ireland, and the description of *Glannapontius maculatus* gen. et sp. nov.
J.M.C. Holmes 229
New data on morphology and redescription of *Aphotopontius mammillatus* Humes, 1987 (Copepoda, Siphonostomatoida, Dirivultidae) from deep-sea hydrothermal vents in the eastern Pacific (Guaymas Basin)
V.N. Ivanenko and M.V. Heptner 243
Pulicitrogus compressus gen. nov., sp. nov. (Copepoda, Siphonostomatoida, Artotrogidae) associated with an ascidian in the Sea of Japan
I. Kim 255
Postembryonic stages of *Nucellicola holmanae* Lamb et al., 1996 (copepoda, poecilostomatoida), an endoparasite of the dog whelk *Nucella lapillus* (gastropoda)
E.J. Lamb, G.A. Boxshall, P.J. Mill and J. Grahame 261
Occurrence and effects of the parasitic copepod *Salmincola carpionis* on salmonids in the Nikko District, central Japan
K. Nagasawa, K. Ikuta, H. Nakamura, T. Shikama and S. Kitamura 269
Haplostoma dudleyae sp. nov. (Cyclopoida: Ascidicolidae), parasitic in *Eudistoma olivaceum* from the Indian River in southern Florida
S. Ooishi 273
A new notodelphyid copepod, *Doropygopsis arctica* sp. nov. (Cyclopoida), parasitic in ascidian of the *Molgula arctica* from the White Sea
A.V. Marchenkov 281

Life Cycles of Copepods
Life cycle strategies of epipelagic copepods in the Southern Ocean
A. Atkinson 289
Life cycle strategies of copepods in coastal upwelling zones
W. Peterson 313
Life cycle strategies of free-living copepods in fresh waters
B. Santer 327
Copepod life history traits in subtemperate regions
A. Ianora 337
Life cycle of *Epischura baicalensis* Sars (Copepoda, Calanoida) in Lake Baikal
E.L. Afanasyeva 351

Systematics and Morphology
Pteriacartia, A new genus of Acartiidae (Calanoida, Diaptomoidea) for *Acartia josephinae* Crisafi, 1974
G. Belmonte 359
Species groups within the genus *Oncaea* Philippi, 1843 (Copepoda, Poecilostomatoida)
R. Böttger-Schnack and R. Huys 369

A new genus of the Ridgewayiidae (Copepoda, Calanoida) from an anchialine cave in the Bahamas
A. Fosshagen and T.M. Iliffe 373
Additions to Mexican freshwater copepods with the description of the female *Leptodiaptomus mexicanus* (Marsh)
D. Grimaldo-Ortega, M. Elías-Gutiérrez, M. Camacho-Lemus and J. Ciros-Pérez 381
Freshwater copepods from the east coast of the Kamchatka Peninsula, Russia
T. Ishida 391
The female antennules of *Paracyclops* (Cyclopoida: Cyclopidae): their significance for systematics
S. Karaytug and G.A. Boxshall 397
The integumental perforation pattern of the *Undeuchaeta incisa* female (Copepoda, Calanoida)
P. Koomen and J.C. von Vaupel Klein 401
New species of the genus *Xanthocalanus* (Copepoda, Calanoida, Phaennidae) from the Laptev Sea
E.L. Markhaseva 413
The Ponto–Caspian Zoogeographic complex of Cyclopoida in the Caspian, Azov and Black Seas
V.J. Monchenko 421
New morphological characters useful for the taxonomy of the genus *Microcyclops* (Copepoda, Cyclopoida)
C.E.F. da Rocha 425
Cymbasoma bowmani sp. nov., a new monstrilloid (Copepoda: Monstrilloida) from a Caribbean reef, with notes on species variation
E. Suárez-Morales and R. Gasca 433
Character phylogenies in *Candacia* and *Paracandacia* (Copepoda, Calanoida) and the inevitably paraphyletic nature of many nominal taxa above subspecies level
J.C. von Vaupel Klein and D. Gassmann 441
A redescription of *Pseudodiaptomus salinus* (Giesbrecht, 1896) and a new species from the Arabian Sea (Copepoda, Calanoida, Pseudodiaptomidae)
T.C. Walter 451

Feeding Ecology

On the relation of structure, perception and activity in marine planktonic copepods
G.-A. Paffenhöfer 457
Feeding behavior of the poecilostomatoid copepods *Oncaea* spp. on chaetognaths
Y.-B. Go, B.-C. Oh and M. Terazaki 475
The influence of food quality on the nutritional acclimation of the copepod *Acartia clausi*
P. Mayzaud, V. Tirelli, J.M. Bernard and O. Roche-Mayzaud 483
Copepods attain high abundance, biomass and production in the absence of large predators but suffer cannibalistic loss
S.-i. Uye and D. Liang 495

Vertical Migration and Distribution

Diel vertical migration and feeding in adult female *Calanus pacificus*, *Metridia lucens* and *Pseudocalanus newmani* during a spring bloom in Dabob Bay, a fjord in Washington USA
M.J. Dagg, B.W. Frost and J. Newton 503
Community structure of mesopelagic copepods (> 500 μm) in the Ligurian Sea (Western Mediterranean)
B. Gasser, G. Payet, J. Sardou and P. Nival 511
Interannual variability of copepods in a Mediterranean coastal area (Saronikos Gulf, Aegean Sea)
E.D. Christou 523
Copepod diversity in the water masses of the southern East China Sea north of Taiwan
C.-t. Shih and T.-S. Chiu 533

Author Index Vol. 15 1998 543
